FACULTY HOUSING NEEDED

New Humboldt State faculty families are beginning to arrive in the area and are urgently in need of housing according to Mrs. Rosemary Honsa, Chairman of the HSC Women's Club Faculty Housing Committee.

With the increased size of the faculty at the college, housing is more than ever at a premium and the assistance of the community in locating accommodations, particularly rentals, for the new professors and their families is requested.

Mrs. Honsa said that nearly one hundred new HSC professors will require housing between now and the first of September for the coming academic year. Persons with rental properties or knowledge of available rentals are asked to contact Mrs. Honsa at 822-2077 or Mrs. Karole Munsell at 822-3177 to have these vacancies added to the list being compiled by the HSC Women's Club.
