FACULTY HOUSING SOUGHT

A referral service for new Humboldt State College faculty members desiring rental housing in the Humboldt Bay area has been undertaken as a project by the ESC Women's Club.

Chairman of the effort, Mrs. Rosemary Honsa of Arcata, stated that over fifty faculty families are now seeking assistance in locating accommodations, and more are expected. She noted that finding rental housing is especially difficult for those coming from out of the state.

Persons with rental properties or knowledge of available rentals are urged to contact Mrs. Honsa at 822-2077 or Mrs. Karole Munsell at 822-3177 to have these vacancies added to the list being compiled by the club.

The project will be in effect until mid-September when most new faculty members will hopefully have found housing for the coming academic year.
