### HOUSING SEEK

About 50 new Humboldt State College faculty members and their families are in need of housing in the Humboldt Bay area, according to the chairman for the Women's Club Faculty Housing Committee, Mrs. Rosemary Honsa.

Mrs. Honsa said that community response to the club's campaign to develop a rental service for available housing has been excellent, and quarters have been secured for about half of the 100 new faculty expected this fall.

The growth of the college's student enrollment has brought an attendant increase in the faculty ranks and created an urgent need for accommodations, particularly rentals, for the new professors and their families.

The club will be collecting housing listings until September 15 as an aid to newcomers. Persons having rental properties or knowledge of available rentals are requested to contact Mrs. Revadee Jog at 822-6707 or Mrs. Judy Longshore at 822-3774 to have vacancies added to the list.
