FREE HOUSING LISTINGS

Landlords are invited to list rentals free of charge to Humboldt State students and faculty through the University's Community Housing Office.

Rentals may include apartments, houses, trailers, rooms, etc., noted Shirley Parrish, coordinator. "The new semester begins August 25, and students are already in search of housing for fall," Parrish said.

For more information, call 826-3824.

The Community Housing Office will not accept listings which restrict renters because of their race, religion, national origin, children, marital status, sex or disability.
