STUDENT HOUSING COMMITTEE

In order to evaluate the existing rental housing available in the Humboldt Bay community, the Student Legislative Council at Humboldt State College recently appointed a Housing Committee of six students to survey the matter.

The committee eventually hopes to develop a report on apartment and house rentals and their distance from the college, furnishings, anticipated rates and quality. It also hopes to discover whether rental accommodations will expand with the growing student body at HSC.

The Housing Committee welcomes community involvement in the exploration of these matters. It plans to bring in various community leaders, realtors and landlords who will explain rental accommodations and their future. The committee's weekly meetings are in the East Conference Room of the Campus Activities Center on Mondays at 6:30 p.m.

The group is composed of Miss Kathleen Alban, junior journalism major from Coronado; Miss Judy Ingram, junior history major from Dobbins; Miss Rosalind Jackson, junior art major from Miranda; Miss Bonnie Mitchell, sophomore journalism major from Willits; Warren Casady, sophomore business major from Novato; and Terry Shores, sophomore broadcasting major from Lafayette.
