Housing and Dining Services

April 7, 1989

TO:

Humboldt State University will be host to a two to four week California State University Summer Arts Program and will be renting off campus housing for the visiting faculty and staff. We need approximately 35 such locations within 10 miles of the HSU campus.

The CSU Summer Arts Program dates are July 9 through August 5. We are again asking the community to help us house the visitors. We are currently compiling a list of such housing and would appreciate hearing from you as to the availability of your rentals. We would like to book these by the end of April.

Please contact Linda Villatore at 826-3451 for listings or for more information about this.

Thank you.
